OR. EDISON'S OBESITY PILLS AND SALT REDUCED MADALAINE PRICE, THE POPU-LAR ACTRESS, 58 POUNDS.

F FAT, WRITE LORING & CO.'S NEW YORK O. CHICAGO MEDICAL DEPARTMENTS - RUP-TURE CURED - BEST TRUSS EVER DEVISED.

DEVISED.

The popular actress, Madalaine Price, one of the stellar lights of the Southers-Price Theater Company, has taken Dr. Edison's Obesity Treatment, and is glad of it. Read below what she says of her experience with Dr. Edison's remedies.

Loting & Co., Chicago.

Gentlemen: I cannot speak in too high terms of Dr. Edison's Ghesity Pills and Obesity Salt and Compound. When I began taking Dr. Edison's Otesity Pills and Obesity Salt and Otesity Treatment my weight was 198. I had already used another much advertised treatment, and as soon as I stopped it had fleshened up again, and it left my stomach in a very weak condition. I took Dr. Edison's Obesity Pills and Salt, and was reduced from 198 to 140 without any bad effects upon my system. These remedies soon cured the condition of my stomach, caused as above stated. Since taking your remedies I look better and feel better than for years, and have no tendency to again get fat. My professional friends should use Dr. Edison's remedies if inclined to get too fleshy, and all of them who have used them on my recommendation have been greatly benefited by them. My husband, Mr. Edwin Southers, joins me in thanking you for what your treatment has done for me. I will reply to inquiries about this treatment that may be sent to me in care of the New York Clipper." Yours sincerely,

MADALAINE PRICE.

#### Cloaks and Suits Dept.

The brilliant record attained by this branch of our business is due to two things-keeping an unceasing watch for the best and newest things the different markets offer - and securing by large transactions (buying for the stores here and in Baltimore) every price advantage. These reasons explain the freshness of styles-the hugeness of varietyand the unusually little prices.

#### Our Ten=Dollar Tailor= Made Jackets Are Really Remarkably Good Garments for the Price!

Not to be matched anywhere for less than \$15 or \$18. And think of it, over 100 different styles—enough in this one line of \$10 garments to make an entire department for some stores. And to the crispness and newness of the styles—we add a superb variety of materials—Kerseys, Beaver. Diagonal, Coverts, Cheviots, Astrakhan, Boucle, etc., etc.

CHLERY OMPOUND

Telephone Communication Between Capitol and the Library Building.

Senators and Representatives May Talk Direct With the Library Chiefs-Complete Circuit Provided.

direct communication by telephone will be secured between the new Library of Congress and the Capitol. Details will be so arranged that senators and representatives can talk if they wish to any chief of any division. Communication is had at present by means of the pneumatic tunnel, paper messages being conveyed in this manner. Direct oral messages, however, are desired, and as the distance between the two buildings, about a quarter of a mile, is too great for speaking tubes, a telephone with ordinary metallic circuit will be brought into requisition. The wire for this

will go through the tunnel.

The Capitol terminal will be in a little room north of statuary hall, where an attendant will remain constantly to attend to the transmission of messages. The library terminal will be directly under the reading room, in the basement.

An Independent System.

There will be a system for the library building itself, so that messages can be transmitted to different parts of the building and communication had without the necessity of having the central city office brought in use. The main terminal will be at the central desk of the reading room, as that point will be called upon more fre-quently than any other. Station at East Entrance.

A telephone will be placed at the east entrance of the library building for the benefit of the watch and the transaction of general business. One may be placed at the west entrance. The system will be complete in all respects. Superintendent complete in all respects. Superintendent Green has worked out the details. It is expected that the communication will be established between different parts of the building by the middle of December. The telephone between the library and the Capitol will be in use before the others. Of the three elevators in the building, which are intended to ultimately run from cellar to attic, only one is now in operation, and it does not go to the attic. The others will be put in operation when they are deemed necessary to carry passengers are deemed necessary to carry passengers or carry freight.

#### PERMIT ISSUED.

U. S. Electric Lighting Company Authorized to Extend Conduits. Armed with a permit from the Commissioners, President Thomas of the United States Electric Lighting Company left the District building today for the purpose of laying an underground conduit up 9th street for the purpose of lighting the suburbs, and incidentally paralleling the

It is the end of the hostilities between the rival electric companies for the possesion of 9th street. The Potomac company gave notice that it would procure an injunction againse the Commissioners to prevent the issuing of a permit, and it was given until last Friday to do so. Yesterday afternoon a representative of the Potomac company notified Commissioner Black that his company had decided not to go into court, and the Commissioners accordingly issued the permit.

conduit of the Potomac Electric Power

REQUIRED TO GIVE BAIL.

Joseph Grinder Held on Charge of Attempt to Kill. Joseph Grinder, an old and infirm white

n an, was held to await the action of the grand jury this afternoon by Judge Kimball in the Police Court, on a charge of assaulting William Mack with intent to kill him. Grinder was released on bail, his brother, Edward M. Grinder, becoming surety in the sum of \$1,000. Mack, a white youth, testified that the

22d of October he was with some companions near Grinder's home in Southeast Washington, when the old man discharged a shotgun at the crowd, several shot striking Mack and injuring him painfully.

It was intimated by Attorney Campbell Carrington, who appeared as counsel for Grinder, that the latter had been driven to desperation by annoyances perpetrated by the boys in the neighborhood, and that he had no intention of striking anyone, much less to kill, when he discharged the shot-Grinder merely desired to frighten

the boys, it was declared.

Judge Kimball thought the grand jury should pass upon the case, and therefore took the action stated.

Court Imposed the Penalty.

Alice Brown, who was placed on trial yesterday in the Police Court on a charge of sending an indecent communication to Jane West, was fined \$20 today by Judge Kimball, the case having been continued. Attorney Chase, who represented the girl, argued that the mere sending of a note could not be construed as disorderly conduct. The court ruled otherwise, however, and an execution was noted. and an exception was noted.
